We are the American Legion Post 98 of Cumberland Wi. We are a organization of veterans of different wars who have served for their country. I myself have been a member for 46 years and counting. We have over two hundred members in total at our post. We serve our community in every way possible. Organizations like youth hockey, baseball, soccer, and many more, the list goes on and on. We also sponsor the boy scouts, troop 24 in Cumberland. We have been their sponsors for more than 50 years. Our American Legion is a proud organization who dedicates their time to the community what ever they need. Now, why we are asking for this grant is to re-model the front outside of our building. It needs a lot of attention to the siding and structure. So, we are asking for your help to keep this organization going for the community and the American Legion. So please consider us for your grant. Thank you so much.

**Q10. What is the plan for using the grant money (How will it be used)?**

We want to fix up the front of our building. It needs new siding, and brick bottom structure. possibly new windows if we need to replace them at the time. The appearance now is not to appealing to the public. it really needs a upgrade.

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

When we redo the front of the building, our community will see the difference of it. And what we have done to make our building more appealing to the eye. Which in general will help us bring people back into our building to use.
