Please include things like; type of business, number of employees, local suppliers used, what makes you unique or essential to our community.

Happy Tales is a Cumberland area dog and cat boarding facility. We offer overnight boarding, as well as doggy daycare to our surrounding community. I have 2 regular employees plus a fill in as needed.

We have used Woodland Signs to provide us with updated signage, Jerry's City Laundry for our weekly rugs. Steve Madison has delivered us gravel for our runs and lot. We try to get anything needed for repairs at Ace Hardware in Cumberland.

I feel we are unique and essential to the community as we are the only business in the Cumberland area that provides boarding 365 days a year for your family pet.

Q10. What is the plan for using the grant money (How will it be used)?

We would use the grant money towards updating our ventilation, adding 1-2 air exchange fans to keep airflow through the building while we are at high capacity. Adding 2 mini splits, as we are using 3 portable AC units which is not financially feasible long term.

We are working with Schell Power & Light to add a generator to keep the building temperature controlled during power outages.

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

We have continued to see an increase in business over the past 5 years. There is a shortage of dog care facilities in our area and we are a local established business people trust. I feel long term we are a very viable business as most people have a family dog or cat and they will need a safe, reliable place for them to stay while going out of town. By receiving the grant money, I would be able to save thousands in electrical costs each year, which I would be able to put towards adding outdoor fenced in runs and updating indoor areas as well.
