Island Ice is entering its 3rd year of business this summer with a lineup of 8# and 20# bags for convenience stores, gas stations, campgrounds, and resorts, as well as specialty ice in spheres and blocks available in limited locations at this time. With an investment into a new production facility to meet the growing demand for high quality ice with even better service, we've brought on 3 employees to handle production and delivery with the goal of doubling 2023's business in 2024. Our superior same-day service 7 days a week has served as one of our greatest and unique aspects that give us an unmatched leg up over our competitors. With our growing reputation, we're receiving more calls and taking on new accounts and special events for town festivals and celebrations primarily within a 40 minute drive of our home base in Cumberland.

Q10. What is the plan for using the grant money (How will it be used)?

The grant money will go toward an ice block maker and another delivery trailer to have our new production capability meet the increased demand to expand our operation from 1 to 2 trucks and trailers on the road each week.

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)
