Hello

I am Jonesy's Auto Sales and I sell used cars in Barronett. I have no employees, I am a one man band.

Local suppliers I use are Barronett Tire, Auto Value in Cumberland, Carquest in Spooner, Ace Hardware in Cumberland, JCD Repair in Cumberland, and RPM Garage in Turtle Lake.

What makes Jonesy's Auto Sales unique is that I sell used cars in a way I would want to buy a used car for myself, or for my family or a friend.

I try my very best to get vehicles to the point where I am confident they are going to be a great used vehicle for my customers.

I feel Jonesy's Auto is essential to the local community because when you buy a vehicle locally from Jonesy's, you can buy from someone you can trust and want to go back to.

Q10. What is the plan for using the grant money (How will it be used)?

I plan to install a lighting system around the building and on the car lot.

For security reasons I feel it would be helpful.

Also, Barronett Main Street is a bit dim at night and it could use some extra light.

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

My plan will be to install lighting around my building and light to project on my lot of cars. I feel this will be helpful to the business as people pass in the evening hours. I believe it will help with security as well as I have had a trailer stolen from my lot last summer. A well lit environment I feel prevents thievery from taking place. I would also like to light up my Jonesy's Auto signs on my building.
Thank you
