I am a local local print shop that specializes in promotional products. I am a Veteran owned and operated business that started as a part time side hustle and as my health degraded it turned into my full-time job. I am a owner operator with no other employees at the moment. My vision is to become a franchisable company allowing other people to share my vision of helping local businesses promote their brands with cost effective promotional materials.

Q10. What is the plan for using the grant money (How will it be used)?

The addition of screen printing equipment and inks to lower costs to local businesses

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

Having the ability to create my own prints will reduce overhead costs and in turn will create more cost effective options for the local community and businesses as well as create a potential job opportunity for someone in the future.
