---

**Q5. Website**

--

Please enter the following applicant information

Q6.

Field label	Response
First Name	Morgan
Last Name	Forrestal

---

Q7. Phone Number

7154190876

---

Q8. Please enter your email if different from business email

Forrestal.morgan@gmail.com

Q9. Please tell us about your business. Please be as specific as possible. If the form does not have enough space, please email additional pages to [info@50peoplewhocare.org](mailto:info@50peoplewhocare.org)

Please include things like; type of business, number of employees, local suppliers used, what makes you unique or essential to our community.

Tee Lodge Creations a mother and daughter (Morgan & Kayden's) passion project turned into a business! We craft high-quality custom shirts, stickers, and koozies. Utilizing premium vinyl and Direct-to-Film (DTF) methods for the best quality and durability. Creative time, quality gear! At Tee Lodge Creations, we believe that every athlete deserves to look and feel like a pro without the "pro" price tag. Our mission is simple: High-quality gear at prices families can actually afford. We are so proud to be currently partnering with local sports teams out of Shell Lake and Webster! From custom team shirts to durable jerseys, we're helping our local players stand out on the field and the court using our premium printing. Tee Lodge Creations is about much more than just athletic wear! We are your one-stop shop for custom designs for any occasion.

**Q10. What is the plan for using the grant money (How will it be used)?**

If Tee Lodge Creations were to receive grant funding, our goal is to transition from a "home-based hobby" to a dedicated community production hub. Here is exactly how those funds would be invested: Currently, our business operates out of our kitchen and living room. While we love being close to the action, we have officially outgrown our home! We will use the funds to construct a dedicated professional building on our property specifically for Tee Lodge Creations. This move will allow for a more organized workflow, faster turnaround times, and a professional space where local customers can eventually come for consultations. To keep up with the growing demand from our local sports teams, we need more "muscle." We will purchase an additional industrial-grade heat press. Having two presses means Kayden and I can work simultaneously. We can double our output, meaning jerseys and event shirts get into your hands even faster. Waiting for shipping on blank shirts can slow down a local business. We will invest in a large, on-hand inventory of various sizes, colors, and styles (shirts, koozies, and hoodies). By moving out of our kitchen and into a professional space, we aren't just building a shed; we are building a sustainable local business. This investment ensures that customers will always have a reliable, high-quality, and affordable option for their custom gear, supporting the local economy for years to come.

**Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)**

Having a dedicated building on your property transforms Tee Lodge Creations from a "home hobby" into a legitimate local landmark. It builds trust with larger clients (like school districts or corporate accounts) who want to see a professional operation.

A dedicated space allows us to organize our workflow. This organization is the foundation needed to grow from a small duo to a larger operation in the future. Supporting Youth & Athletics: By providing affordable jerseys, you lower the "barrier to entry" for local families. When uniforms cost less, more kids can afford to play, and teams have more budget for equipment and travel. When a team makes a surprise run to the playoffs, they need "Spirit Wear" now. Your increased stock and dual-press setup mean you can handle those community-wide "rush orders" that out-of-town printers can't touch. Transitioning to a dedicated building and increasing inventory makes the business more resilient to supply chain shocks. You become a stable fixture in the local economy rather than a transient home-based project. By moving Tee Lodge Creations into a dedicated professional space and doubling our pressing capacity, we are transitioning from a home-based start-up to a community-focused production hub. This expansion doesn't just benefit our family; it ensures that local teams and people have a permanent, high-speed, and affordable partner dedicated to their success.
