Please include things like; type of business, number of employees, local suppliers used, what makes you unique or essential to our community.

The 5 O'clock Club is a familiar part of the community for many years and a destination for people looking for the traditional supper club. Located on granite Lake the atmosphere, food and long standing place in the community has been apart of cumberland history for many years. The 5 o'clock club has been a place in our community where families and friends get together to have a fun night out, have a old fashion, a nice meal and have a great time. We are a signature restaurant with a menu that includes steaks, seafood, italian, and even a little chinese. We overlook the scenic granite lake that adds beautiful views and the tradition supper club experience. The Steinbergs took over the restaurant in 1956 and from then on the restaurant became what it is today, in the 1980's tammy and her husband Joe remodeled the restaurant to the nautical theme it is today. We have about 20 employees that work very hard to help us run the business today. Chad and i have been working here for over 17 years and owning it now for a little over 3 years, chad also worked here through his high school days. This place holds a special place in our hearts as we keep the tradition of the 5 o'clock club going into the future.

Q10. What is the plan for using the grant money (How will it be used)?

We will be using the money to remodel the bar area, the bar is more than just a place to order a drink it is an important part of the restaurant's identity of the traditional supper club experience. When you sit at the bar you overlook the beautiful background of granite lake. Remodeling the bar would provide an opportunity to improve the space while preserving the character that makes the 5 o'clock club so special. We would be updating the bar coolers, adding a new bar top, and a new floor in hoping to make the space a more comfortable and attractive functional experience for our customers. Remodeling the bar would be an opportunity to combine the past with the future with new finishes, and updated space for a more functional and comfortable experience and not erasing the history of the 5 o'clock club

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

Remodeling the bar would be more attractive for our customers, hopefully increase sales and improve efficiency. We are looking to create a stronger gathering space for our customers, support local jobs, and attract visitors. Hopefully this grant will help other local businesses in our town by passing by them and hopefully stopping and doing a little shopping before stopping out to enjoy and old fashion and a nice meal

This grant will help us expand the revenue and hopefully keep the 5 o'clock club in this community for many years to come, as one of the last supper clubs in this area we hope to bring people in to the community from all the surrounding areas to enjoy beautiful Cumberland.
