7154192531

Q8. Please enter your email if different from business email

--

Q9. Please tell us about your business. Please be as specific as possible. If the form does not have enough space, please email additional pages to info@50peoplewhocare.org

Please include things like; type of business, number of employees, local suppliers used, what makes you unique or essential to our community.

The 5 o'clock club is a signature restaurant making all of our food from scratch. We are one of the few supper clubs left in our area making it a special destination. We have roughly 15 to 20 employees that we cherish immensely with out them we could not run this business and make it a special place. Chad grew up in this community and starting working as a dishwasher in highschool that is where his passion for this place started. I moved to Cumberland 17 years ago and never expected this community to be so welcoming everyone likes to help others out which I never experienced before. We both never imagined owning the 5 o'clock club it's like a dream come true (I still have to pinch myself) and that we can continue this legacy. The 5 o'clock club has been in this community since the mid to late 30's and with out the people in this community supporting us we would not have the business we have with that being said we are truly grateful for everything. We buy as much local produce as we can from bobs barronette produce and from Marghi's organic farm in the summertime

Q10. What is the plan for using the grant money (How will it be used)?

We are planning to get new coolers for our bar and new bar top and update a few things like maybe flooring behind the bar and a dishwasher. The bar and coolers are from the early 70's which are extremely outdated we are looking to get new energy efficient ones and to make things more aesthetically pleasing to our customers and more comfortable. We are trying to update things as we can to keep the 5 o'clock club in this community for as long as we can and to make things a more enjoyable experience for us and the community. With the help from 50 ppl plus we are hoping to be able to do this to make a better work environment for our employees which will make customers happy

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

With the help of the 50 ppl plus we are hoping to make our business thrive and by updating things to make it a better work environment for our employees which makes our customers happier. Our supper club has been in this community for roughly 85 to 90 years making it a destination place to go in the Cumberland and surrounding areas and Chad and I are so grateful to be part of this legacy. We strive to make sure the 5 o'clock club can run as efficiently as possible and to keep this business in the community for years to come we enjoy all the ppl who come in to our place and everyone is so welcoming and we like to make everyone feel welcome here at our establishment. It's so funny that people have coming here for years and years and they still order the same thing everytime they come out. Without our menu and our staff we could not make this possible which I'm am truly grateful for. With that being said Chad and I really hope you consider us for this wonderful grant that our community members share. Thank you very much for taking the time to read this and give us an opportunity to receive this grant
